Robin Sessions Cooley

February 2006

**RE: CERTIFICATION DUE ON OR BEFORE APRIL 30, 2006 BY CURRENTLY CERTIFIED NON- PARTICIPATING MANUFACTURERS**

Enclosed is the certification package for 2006. The form must be filled out in its entirety and all attachments included as indicated. Copies of previously submitted documents are acceptable if all information is currently accurate; (an example is the escrow agreement with the bank.) The package must be received on or before April 30, 2006 for the company and brands to be listed in the June 1, 2006 edition of *The Directory*.

Also due by April 30, 2006 is the escrow payment for the first quarter sales, if any. You will be contacted, as is our procedure, on April 21, 2006 to give you the escrow due as indicated by our records at that time.

An added requirement of the certification package this year is validation that the company has become licensed with the Department of Revenue (DOR) as a tobacco product manufacturer. That is a \$10 fee, and a one-page form. This requirement by the DOR is a result of legislation passed during Wyoming's 2005 Legislative Session. For information, please contact Terri Lucero at (307) 777-5322.

If there is any question regarding the certification package, I am happy to assist. Contact information is given above.

Sincerely,

Carolyn A. Teter  
Administrator
